Fort Wingate Depot Activity Restoration Advisory Board Meeting Scheduled

The public is invited to attend the next Fort Wingate Depot Activity Restoration Advisory Board meeting, hosted by Tooele Army Depot, on Wednesday, Sept. 13, 2000. The meeting will begin at 5:30 p.m. and will be held at the Church Rock Chapter House in Church Rock, N.M.

The meeting will include an educational presentation on the dangers of unexploded ordnance and what the public should do if they find an ordnance item.

The Restoration Advisory Board was established for Fort Wingate to act as a forum for the review of environmental restoration actions associated with Base Realignment and Closure activities. The intention of the board is to promote community awareness by inviting the public to comment throughout the restoration process.

For directions to the meeting location, call (505) 488-5949.

For further information about the environmental restoration, please write or call Larry Fisher at Tooele Army Depot, Environmental Office, ATTN: SIOTE-CS-EO, Building T-8, Tooele, Utah 84074-5002, (435) 833-3257.
